

For the application:

From

(Datum)

(Name and adress of applicant)

Name and adress of **Manufacturer::**

1. TEST SCOPE

1.1 We apply for the testing and certification of floor coverings

Slip resistance according to DIN 51130 and ASR A1.5/1,2
(1 test specimen 50 x 100 cm)

Slip resistance according to DIN 51097 and DGUV Information
207-006 (previously GI/GUV-I 8527)
(Barefoot areas)) (1 test specimen 50 x 100 cm)

Determination of the displacement volume according to
DIN 51130 and ASR A1.5/1,2 (5 test specimen 10 x 10 cm)

Determination of the friction coefficient according to DIN 51131
and DGUV Information 208-041 (previously BGI/GUV-I 8687)
(1 test specimen 50 x 100 cm)

1.2 The „Basic requirements for the slip resistance test of floorcoverings“ latest version are well known.

1.3 Annex

For this application you have to add:

a) the brochures (technical sheets etc.) in which you offer the serial products for sale.

a) the lay guidance for floor coverings which were produced on site (industrial floor coverings, plastic floor coats etc.) and a hand sample (10 x 10) cm.

b) for natural stones the precise site of discovery.

2. TECHNICAL INFORMATION RELATING TO THE TEST SURFACE

2.1 *Specification of the test sample*

2.1.1 *Designation*

- Ceramic tile according to EN 14411
- Floor clinker tile according to DIN 18158
- _____

2.1.2 *Typ/Article*

2.1.3 *Colour:*

2.1.4 *Shape and dimension [mm]:*

2.1.5 *Surface structure:*

3. PREVIOUS TESTS

Were previous tests on samples with the same name or type done?

If **YES**, specify test report number and test institute:
